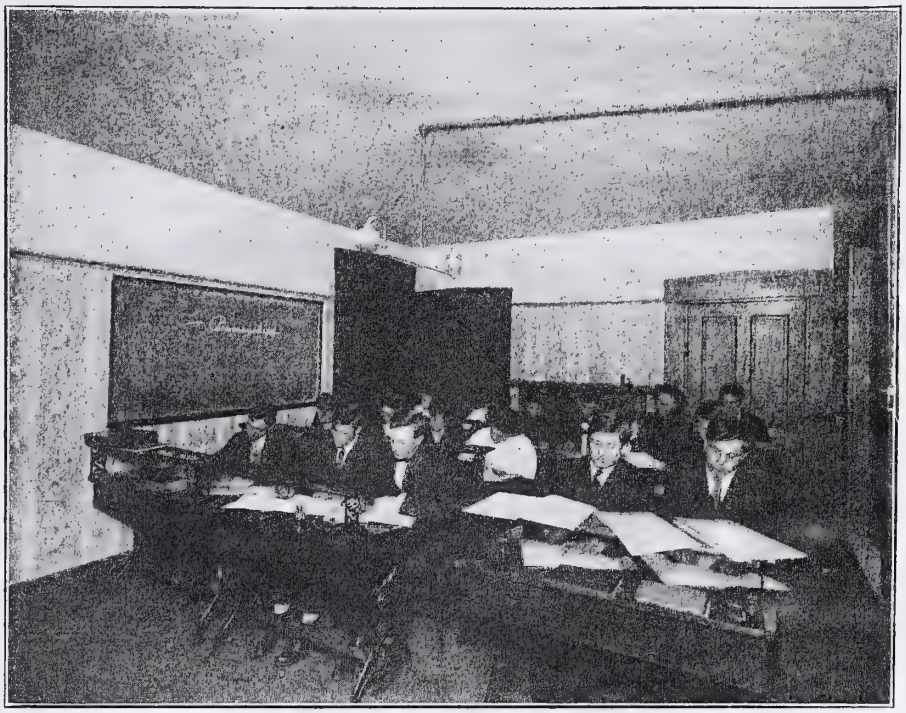
Lain Business College



BOOKKEEPING DEPARTMENT

The Success Of this institution is evidence of its popularity and the most substantial proof of its superiority. Real merit, elegant quarters, thorough instruction, satisfactory results, honorable dealings and promises fulfilled, have won for it a reputation that guarantees to it still greater prosperity.

Positions We place our students in positions. There is not a Lain Business College graduate unemployed to-day. We have more calls for stenographers and bookkeepers than we can fill. Our records are open for inspection. We take just as much interest in teaching and placing our students in good positions as we do in securing them. This is one of the reasons our school is growing in popularity with wide-awake young people and business men. Write, phone or call for new catalogue.

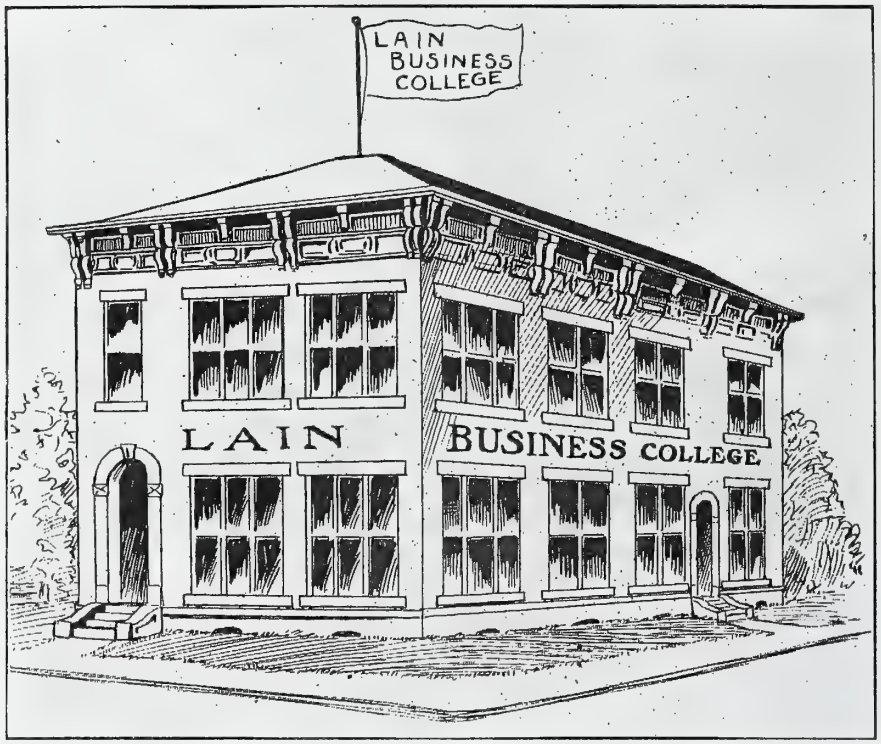
Telephones—New 4833; Old, Main 452 Indianapolis, Indiana

Lain Business College



INDIVIDUAL INSTRUCTION

Is the key that unlocks the door to the mind of the student. Years of experience in the schoolroom have proven to us that to fully arouse the student's best energies and stimulate him to his best efforts, personal contact with the teacher is absolutely necessary.

In our school the student is not in a class where he must accommodate himself to the progress of others, but he is aided and encouraged and proceeds as rapidly as his time and ability will permit. By our private instruction method, the student who is slow to catch on does not expose himself to the criticism and ridicule of classmates or others in the room. He has a friend in his teacher, who aids him in all possible ways.

A SCHOOL OF QUALITY—NOT QUANTITY

Our school and methods have taken FIRST PREMIUM the last three years at the Indiana State Fairs. We employ no solicitors. Our school is built on MERIT, DISCIPLINE and the RECOMMENDATION of former students. It will pay you to investigate. Do not let a solicitor "sign you up." Phone for new catalogue.
